

Statistical Research Publications

The Investment Company Institute (ICI) is the leading association representing the asset management industry in the service of individual investors. ICI's members include mutual funds, exchange-traded funds (ETFs), closed-end funds, and unit investment trusts (UITs) in the United States, and UCITS and similar funds offered to investors in other jurisdictions. Our members rely on us for accurate, current industry data. We are a respected source of statistical data for the news media, regulatory agencies, state governments, and the investing public.

Subscriptions to the ICI's statistical reports are only available to those firms not eligible for ICI membership (i.e., law firms, accounting firms, consultants, and other service providers to the industry). If you have questions whether your firm is eligible for ICI membership or would like to learn more about membership, please contact ICI Member Services at icimemberservices@ici.org.

Subscribers receive publications via electronic delivery and have access to statistical reports on the ICI website at www.ici.org.

The data included in the statistical reports are for subscriber use only and should not be republished. If you wish to republish any of ICI's data, please contact Brent Newton at [202-326-5831](tel:202-326-5831) or bnewton@ici.org.
